

## Heritage Preservation Trust

Please join the Heritage Preservation Trust, a non-profit group committed to historical preservation and education in Volusia County. We are the new owners of Lilian Place, the oldest home on Daytona Beachside, made famous by Stephen Crane in his story "The Open Boat." We are committed to repairing damages and renovating this significant site to open it for public use as a museum and meeting site.

Please join us for historical programs, fundraisers, legislative work, and preservation efforts of Lilian Place
